	Certificates	02/2016					02/2016			

#### Client:

OPC UA Interface

Contains the OPC UA interface with full functionality. To use the interface OPC UA skills are necessary.

Value Based Interface

Contains a value based interface with limited functionality. To use the interface OPC UA skills are not necessary.

#### Server:

Information Model

Interface of the OPC UA information model of the OPC UA Server

OPC UA Interface

OPC UA Applications are deployed to the OPC UA Server in form of libraries. The OPC UA Interface contains the full OPC UA functionality. To use the interface OPC UA skills are necessary.

Value Based Interface

OPC UA Applications are deployed to the OPC UA Server in form of libraries. The value based Interface contains the limited OPC UA functionality. To use the interface OPC UA skills are not necessary.
